After fifteen years restoring this incredible XK E-Type with a twin-turbo V12 engine, Ian Crawford drove it for the first time to attend JCOF's Concours Judges Training class. You might guess it brought lots of Oooohs & Ahhhhs from everyone who saw it. Should Ian put the original bumper back on?

ABOUT OUR JAGUAR CLUB

The Jaguar Club of Florida (JCOF) was founded in 1977 by a small group of enthusiasts who had a common love of ownership, operation and maintenance of the world's most beautiful automobiles – Jaguars. From that modest start with a handful of participants, JCOF has grown to over 150 active members and affiliate spouses and friends. JCOF is proudly affiliated with Jaguar Clubs of North America, Inc. (JCNA), an organization comprised of more than sixty clubs throughout the United States, Mexico and Canada.

Membership in JCOF automatically includes: membership in JCNA; subscriptions to both the award-winning JAGWire newsletter and the JCNA Jaguar Journal which are delivered bi-monthly; discounts on parts and service at Jaguar Orlando; discounts on insurance at Hagerty Insurance; deep discounts on JCNA Shoppe purchases and Jaguar Heritage Certificates; discounts from other commercial suppliers such as SNG Barratt; and access to the JCNA Tool Loan Program.

JCOF members participate in a myriad of events including driving venues such as tours, rallies and slaloms; monthly brunch or dinner meetings; Holiday and Summer Splash parties; our annual Jaguar Only Concours d'Elegance and other 'pop-up' events such as car shows; Cars & Coffee get togethers, and breakfasts with other car clubs. We encourage family participation and many members bring their children, grandchildren and friends to our events.

In addition to JAGWire newsletter, we communicate with members about local news and event information through electronic mail updates, websites and webpages. Check out prior editions of www.JagwireArchives.com After joining JCOF, you will receive your membership card from JCNA and a JCOF name tag after you have attended your first JCOF function.

ABOUT THE COVER

JCOF member, Ian Crawford, must have a hard time deciding which Jaguar he might drive to the next meeting or car show. Should it be his famous 'Green Rocket' XKE Slalom car? Why not one of the two 1993 217 MPH XJ 220s of which only 281 were built? Top of his list for future shows might now be his rare XK E-Type twin-turbo V12 he's been restoring for the past 15 years. This edition of *JAGWire* is sent to you early with hopes that you will make plans to join fellow CatDrivers for Cars & Coffee on the fairways of the famous Ritz-Carlton golf course, Amelia Island, FL. If you failed to register to display your car, come anyway. Jaguars will be displayed in a special section among 450 cars on two fairways from 9:30 am 'till 1:00 pm. You might also meet Jaguar Chief Designer, Ian Callum, who will be at the Jaguar/Land Rover display and speaking at a special seminar on Saturday. Cars & Coffee is FREE but make reservations to stay over for Sunday's Concours d'Elegance –arguably the finest Concours on the east coast. Be sure to purchase tickets to the Concours before Sunday when the price increases from \$95 to \$120. The uniqueness and quality of Amelia's cars makes admission worth every penny, but they try to keep out the Riff-Raff.

A more intimate, and possibly more fun, Concours will be the following weekend. JCOF's *Jaguar Only* competition will be at The Villages, March 16 – 18. This has become a "must-attend" event for Jaguar owners and fans from all over Florida. Competition is vicious with owners spending hundreds or thousands of dollars to "tidy up" their Cats in order to win trophies worth about ten stinkin' bucks! Did I mention the pride and joy of beating several good friends? It's not too late to register (see page 19 of this *JAGWire*), or if you're too 'wimpy' to compete, come anyway! 😊

I can't say enough good things about our new JCOF president, Will Hoehndorf. Will has been busting his buns to make this year's Concours d'Elegance our best ever!!!!!! Hopefully, he's been too busy to prep his and Norma's XK convertible to beat Judy's and my XK coupe in the Concours. If only by 1/1000th of a point, *I plan to win yet again (heh-heh-heh)!*

Please don't forget to send me photos and articles that you think might be of interest to other *JAGWire* readers. It may take a village to raise a child, but it also takes contributors to keep *JAGWire* an award-winning newsletter.

Editor's note:

The January meeting was also JCOF's annual Holiday Party. In addition to enjoying a sumptuous meal, a mercifully brief business meeting was held. Then the fun began. In the tradition of celebrating JCOF members' competitive spirits, gifts were chosen but could then be 'stolen' by competing members. This year, no blood or bruises were incurred. 😊

Our official photographer was unable to attend but outgoing president, Danny Bogdany, captured these shots. Note that no one was frowning, evidencing --as always at JCOF get togethers-- **"If you didn't have a good time, it's only because you weren't there!"**

PRESIDENT'S MESSAGE

President Will Hoehndorf
(351) 255-9128 wHoehndorf@comcast.net

As the old saying goes '...time flies when you're having fun!' Despite a lot of initial confusion, I've managed to find out what my new duties are. Some of the things that have fallen into my lap were expected but there were also some issues that appeared to hit from my blind side. All in all, the first 60 days of being president have been a genuine education of how a mostly social club tends to operate.

Little did I realize how much work was involved when I offered to host/organize the 2018 Concours d'Elegance here in The Villages. I was really lucky that my good friend, Steve Handler, volunteered to help get the Concours off to a good start. By August 2017, we had mailed a new Flyer to ours and all the other clubs in Florida and South Georgia; we signed contracts for the banquet, meet and greet, and reduced room rates. We are also ahead of schedule with trophies which were ordered on February 23rd. With any luck, we will have the right number so that all winners will be happy when they return home.

We had a successful Judges training seminar in January and Tom Wright will now have a full complement of qualified judges at our Concours. All the preliminaries have been completed but we now depend on everyone who volunteered time and energies to help with registration, parking, judging and numerous other tasks. We can always use additional folks on the day of the Concours, so don't be shy ... *lend a helping hand!*

Many of you attended our Holiday Party at the Ace Café. It was wonderful to meet old friends and make new ones. Danny and Dianna Bogdany did an outstanding job making sure that we had a terrific meal and plenty of libations. Of course, the gift exchange turned out to be the highlight of the evening thanks to Delilah Davis. Delilah has the magic touch to turn any event into a 'real happening.' At the Holiday Party we also elected and installed your new Board of Directors and Committee Chairs. Check the Minutes of our January meeting in this issue of *JAGWire* to see who was elected and who volunteered to serve on our committees.

Thanks to all for helping with our Club's business. Looking forward to seeing you at our Concours d'Elegance, March 9-11, and don't forget to sign up for yet another of Jay Hixson's famous Driving Tours that Sunday.

Introducing the New JCOF Coffee Mugs

In an effort to promote the Jaguar Club of Florida, we have acquired a number of logo-ed coffee mugs to offer to JCOF members. These Collector Item mugs will be available at future JCOF Meetings and Events, so be sure to attend and take advantage of this once-in-a-lifetime offer.

The purpose for selling these unique mugs is to help raise funds for the charities that JCOF will be supporting at our [Jaguar Only Annual Concours D'Elegance](#), March 17, in The Villages. We will be contributing to the Michal J. Fox Foundation as well as to a charity in memory of John Falco.

These cups are made with high quality 'dishware' and are guaranteed to make your morning coffee taste better. (*You will believe that angels are actually licking your tongue!*)

Does your Jag have a small oil leak? Put this mug under it to protect your garage floor!

Wouldn't it be great to have one of these mugs on your office desk to corral and caress those pens, pencils and/or loose change?

How about setting one beside a picture of your loved ones and be able to tell them, "Someday this heirloom will be yours?"

If these mugs were any more amazing and versatile they would have their own infomercial on the Velocity Channel.

Legally, we can't sell you one because we don't have a vendor's license. Sooooo, *if you are willing make a paltry \$12.00 donation for each of these priceless pieces, we won't 'sell' you one, BUT you will be able to take it home!*

Thank you for your support, and Cheers!!!!

JCNA Sanctioned JCOF Concours d'Elegance Judges Training

by Jay Hixson

One of the most important aspects of running a Jaguar Clubs of North America (JCNA) sanctioned Concours d'Elegance event is having a sufficient number of judges. Having enough judges is also a rough measure of the health of any affiliate club such as the Jaguar Club of Florida (JCOF). Luckily, JCOF has been blessed with Chief Judge Tom Wright who understands the critical importance of this issue and has made every effort to ensure JCOF has plenty of certified and apprentice judges for our Concours to run smoothly.

Among his many initiatives is annual judges training for JCOF members, with an open invitation to other affiliate JCNA clubs to join, learn and qualify. This **year's** training took place on Saturday, 20 January at the Alaqua Country Club, as guests of Juan and Genie Sierra. We had a full room with 12 trainees plus Chief Judge Tom Wright leading. We initially had discussions on the importance of certification and consistency in judging, delving into protocol, and conduct during judging.

The group also went through specific items of interest that JCNA is emphasizing this year. Next, we spent over an hour on the mechanics of filling out the judging forms. Paperwork? Yes, but if not done correctly it can significantly slow down the judging process and negatively impact competitive scoring. Finally, we got to the bottom-line business of preparing for and taking the judges test. All judges must pass this test every three years in order to participate as a judge in concours events. The test is open book, but one must read the questions carefully. Many of the answer choices are quite tricky, with numerous options separated by details that might seem minor, but In fact, are very important.

Currently, JCOF has 17 certified judges which is a testament to both Tom Wright and the enthusiasm of our club members.

After the classroom and book training, the group broke for a nice lunch in the country club restaurant, followed by hands-on training to judge some select members' cars assembled outside the clubhouse. This was a great time to ask questions and to get **Tom's** opinion of how he would proceed with specific situations that might be encountered during actual judging.

The JCOF 2018 Judges Training was a great success. We had lively and intense discussions, many laughs and a feeling of accomplishment when successfully completed. If you really want to understand the details surrounding your car and increase your role as a member of JCOF, becoming a judge is a great way to go. If you have any questions, Tom Wright will be happy to talk to you (772-713-3996).

NEWS

2019 JAGUAR I-PACE MAKES 394 HP FROM ALL-ELECTRIC POWERTRAIN

Kelly Pleskot Words - March 1, 2018

[Jaguar](#) has revealed its first all-electric production vehicle, and perhaps the first true rival to the [Tesla Model X](#). The 2019 Jaguar I-Pace will make an appearance at the Geneva Motor Show before heading to customers in the U.S. in the second half of the year.

The [I-Pace](#) delivers a total system output of 394 hp and 512 lb-ft of torque with the help of two electric motors. One motor sits at the front axle while the other is at the rear. A 90-kilowatt-hour lithium-ion battery sits between the two axles and is mounted low, contributing to a 50:50 weight distribution and a lower center of gravity. We had the opportunity late last year to [ride shotgun in an I-Pace prototype](#), and walked away impressed by its ride and handling. We also had the chance to experience the prototype's acceleration, which felt even quicker than the 4.5-second 0-60 mph time Jaguar is claiming (Jaguar originally estimated 4 seconds for the prototype). Although EPA estimates are not yet available, the automaker anticipates a range of 240 miles.

So how does the I-Pace compare to its key rival? In terms of range, the I-Pace is most comparable with the base trim level of the Model X, estimated by the EPA at 237 miles, although the 100D model tops the range at 295 miles. The Model X can hit 60 mph in just 2.9 seconds in the P100D trim, but the 100D is estimated at 4.7 seconds and the base model at 4.9 seconds.

The aluminum-intensive I-Pace slots above the compact E-Pace as a midsize SUV. Measuring 184.3 inches in length, the I-Pace is just 2 inches shorter than the F-Pace. It looks pretty much the same as the [concept version](#) from a few years ago, retaining a cab-forward driving position, sloping roofline, hood scoop, bold character lines, and slim headlights. It also has available 22-inch wheels, and door handles remain flush with the bodywork until you touch them or command them to rise with the key fob. Inside the cabin, you'll find the new dual touchscreen system that we've seen [in the Range Rover lineup](#).

Charging the I-Pace to 80 percent takes around 40 minutes with a 100-kW DC fast charger. With a 230-volt wall box at home, it takes 10 hours to reach this level. To help improve battery energy control software as well as infotainment technologies, the automaker has enabled over-the-air software updates for the I-Pace, a first for Jaguar.

U.S. pricing for the 2019 Jaguar I-Pace will be revealed at the Geneva show next week. Trim levels will include S, SE, and HSE, as well as a First Edition model that will be available for one year only.
